Educational Furniture Case Study

Client:

Location: Luton

Project: Four new science classrooms

Duration: 3 weeks

Reason for works:

Upgrade of four existing science classrooms

Scope of works:

Installation of new school labs.

The full programme of works consisted of:

- Rip out existing labs
- Furniture
- Worktops
- Student benching
- Electrical
- Plumbing – Water & Gas
- Flooring

Outcome:

Delivered on time for the start of new school year. Due to customer satisfaction of work undertaken we given the contract for a complete refurb of the school's main Boys & Girls toilet facilities.
