FMCG Turn Key Case Study

Client:

Location: Nottingham

Project: Upgrade of four lab areas and one office area

Duration: 4 weeks

Reason for works:

Upgrade R&D facilities to allow expansion of workload and creation of new working environment fit to show potential clients around.

Scope of works:

Creation of Engineering, Web & Analytical labs.

The full programme of works consisted of:

- Installation of furniture, steel frames & worktops
- Fume cupboards & extraction
- Vented bench
- Office furniture
- Partitioning
- Decoration

Outcome:

Project finished on time and on cost. Client impressed with quality of work and finished product. Secured further work on site for the supply of new toilet cubicles, service walls, vanity units etc.
